DESIGN TEAM MEMBER

Snow Kreilich Architects is seeking a full-time Design Team Member. The ideal candidate is a highly motivated individual who can work independently in a collaborative environment and grow with our studio.

Responsibilities

- Work closely with project leaders and team members to prepare and develop design studies and concepts, presentation materials, construction documents, and assist in construction administration
- Provide support for any task required for the successful execution of project design and delivery
- Participate in activities that strengthen our culture, expertise, and holistic approach to design excellence

Qualifications

- An accredited professional architecture degree
- 5-10 years of experience in an architecture firm
- Strong verbal, written, graphic communication skills with the ability to describe and implement design principles
- Proficiency in Revit, Adobe Creative Suite, MS Office applications (Enscape, Rhino, and/or Grasshopper preferred)
- LEED accreditation or other green building experience/wellness certification is preferred
- Demonstrated understanding of multiple project delivery methods, construction contract administration protocols and construction specifications development

Snow Kreilich Architects offers a competitive salary and benefits including health & dental care, disability, and life insurance, 401(k) plan, and continuing education.

Please email your cover letter, resume, portfolio, and salary expectations (as one compiled PDF up to 5 MB) to mail@snowkreilich.com with "LastName_Design Team Member" in the subject line.

About Us

Snow Kreilich Architects is a nationally recognized, award-winning architectural firm in Minneapolis, Minnesota. The studio focuses on producing architecture that performs against multiple measures of design success, including sustainability, equity, economy, and beauty.
