ARCHITECT/DESIGNER I

Snow Kreilich is currently seeking an Architect/Designer to join our staff. In our studio, this position is responsible for delivering design excellence across all performance measures. We have an ongoing need for an Architect with strong technical skills in documentation, detailing, and graphic communications that has an interest in advancing the design from conception through construction completion. The ideal candidate is a highly motivated individual who can work successfully in a collaborative environment and grow with our studio.

Qualifications

- 3-5 years of experience
- Actively Pursuing Architecture License
- Intermediate Revit skills
- Strong verbal, written, graphic communication skills with the ability to describe and implement design principles

Responsibilities

- **Design**
 - Independently performs a variety of assignments requiring skills in all conventional aspects of architectural designs for projects of moderate size and complexity
 - Performs analysis of design, planning and occupancy studies, and limited design layouts
 - Assists in the preparation of project specifications, compiling and analyzing relevant data
 - Demonstrated knowledge of sustainable design strategies and various certification programs
 - Prepares design visualizations, diagrams, and other collateral to effectively communicate conceptual through final design thinking
- **Construction Documentation**
 - Execute standards for project delivery focused on project documentation, detailing and technical specifications
 - Coordinate with a diverse makeup of internal and external team members
 - Knowledge of state-of-the-industry building standards and finishes
 - Understanding of document package issuance and revision protocols
 - Demonstrated understanding of Building and Accessibility Code
- **Construction Administration**
 - Basic understanding of the construction phase of Architecture
 - Submittal Review as directed by senior staff
 - Field Observation and Reporting under the supervision of senior staff
 - Maintaining logs of all project communications through spreadsheets and various Electronic Project Management platforms

Snow Kreilich Architects offers a competitive salary and benefits including health & dental care, disability, and life insurance, 401(k) plan, and continuing education.

Please email your cover letter, resume, portfolio, and salary expectations (as one compiled PDF up to 5 MB) to mail@snowkreilich.com with "LastName_Architect/Designer I" in the subject line.
